Doggie Daycare General Information & Policies

Huckleberry's Pet Parlor staff strives to provide a clean, safe, fun, and stimulating social environment for dogs. To ensure the safety and health of your pet and our other clients, we require all clients to comply with the following rules and regulations. Throughout the day you may log onto www.huckleberryspetparlor.com and watch your dog as he/she plays in the daycare. We have one web cam located in the main playroom and one camera located in the "puppy" room. We have three side room pens and one main room pen for the dogs to play in. We put the dogs into different groups depending on their size, temperament, and age.

Age: All dogs must be at least 12 weeks or older.

Sex: All dogs 6 months of age and older must be spayed or neutered, no exceptions.

Evaluations: Dogs under the age of 6 months do not have to be evaluated for daycare. Dogs that are above the age of 6 months must be evaluated for daycare by our trainer regardless where your pet may have gone to daycare or if your dog is a certified service dog. If your pet has not been here for a period of one year, your pet will need to be re-evaluated before being re-admitted to daycare.

Behavior: All dogs must be non-aggressive and cannot be food or toy possessive. Owners will certify that their dog(s) have not harmed or shown any aggressive or threatening behavior towards any person or any other dog(s). Please remember, your dog will be spending time with other dogs and the safety and health of all animals is our main concern.

Health: All dogs must be in good health. Owners will certify that their dog(s) are in good health and have not been ill with a communicable illness in the past 30 days. Dog that have been ill within the past 30 days, will be required to submit written proof from your veterinarian stating that your pet is free of illness and can be readmitted to daycare.

Vaccinations: All dogs must have up-to-date vaccinations and must submit documentation from their veterinarian stating that your pet has received the following vaccines: Distemper (DA2PP), Bordetella (kennel cough), Rabies (if the pet is 16 weeks of age or older), and a Fecal sample must be found negative for worms and intestinal parasites. If your pet has be exempt from any of the listed vaccinations, you must submit a letter from your veterinarian stating your pet is free of illness and the reason for the exemption.
